Class: X

Chapter 6 (India : Location , extent and physical features)

Dear Students , welcome to your virtual class for Geography !

You need to consult your syllabus very well .

Chapter 6 is meant only for map pointing .

You will get a compulsory 10 marks question on map pointing .

You will need a number of outline maps of India (Note:-You may Trace six outline maps of India from page 91 in your exercise book . Use one map at a time to answer one question . In this way you will need six outlines maps to solve six questions) . Submit them when the school reopens .

Q1. Locate the following in an outline map of India :-

1. The Tropic of Cancer ($23\frac{1}{2}^{\circ}$ N) of India .
2. Standard Meridian ($82^{\circ}30'$ E) of India
3. Indian Ocean , Bay of Bengal , Arabian Sea .
4. Pakistan , China , Nepal , Bhutan , Myanmar and Bangladesh .(Indian Neighbours).
